Do not have them make catapults for the Angry Birds Parabola Project. This will take entirely too much time on things unrelated to the standards you are supposed to be teaching. If this is the version of the project you want to do then partner with a shop class or art class where creating the catapult will meet a standard for that teacher.

Angry Birds Parabola Project * Algebra2Coach.com

In this two-day activity, students begin by identifying quadratic functions for the parabolic paths of the projectile (bird) in the Angry Birds game. Student then create a similar type game to share with classmates. A video is included to begin the project as well as links to additional related activities.
