Baen is an online platform for you to read your favorite eBooks with a section consisting of limited amount of free books to download. Even though small the free section features an impressive range of fiction and non-fiction. So, to download eBooks you simply need to browse through the list of books, select the one of your choice and convert them into MOBI, RTF, EPUB and other reading formats. However, since it gets downloaded in a zip file you need a special app or use your computer to unzip the zip folder.

Creativity Lifelong Kindergarten

Kindergarten is becoming more like the rest of school. In Lifelong Kindergarten, learning expert Mitchel Resnick argues for exactly the opposite: the rest of school (even the rest of life) should be more like kindergarten. To thrive in today's fast-changing world, people of all ages must learn to think and act creatively—and the best way to do that is by focusing more on imagining, creating, playing, sharing, and reflecting, just as children do in traditional kindergartens.

Lifelong Kindergarten: Cultivating Creativity through ...

Cultivating Creativity through Projects, Passion, Peers, and Play. Mitchel Resnick has long been an inspiration to those of us who study the roots of innovative thinking. Lifelong Kindergarten is not only essential reading for educators trying to cultivate 21st-century skills in the classroom; it's also a vital resource for anyone — parents, entrepreneurs, artists — interested in the creative mind at work and at play.

Lifelong Kindergarten: Cultivating Creativity through ...

As kindergartners playfully create stories, castles, and paintings with one another, they develop and refine their abilities to think creatively and work collaboratively, precisely the abilities most needed to achieve success and satisfaction in the 21st century. Underlying traditional kindergarten activities is a spiraling learning process in which children imagine what they want to do, create a project based on their ideas (using blocks, finger paint, or other materials), play with their ...

Kindergarten Is the Model for Lifelong Learning | Edutopia

We are deeply committed to bringing about change in the world and improving the lives of young people, especially those from communities that face systemic inequities and injustices. The Lifelong Kindergarten group develops technologies, activities, and communities to engage young people, from all backgrounds, in creative learning experiences, so they can develop their thinking, their voices, and their identities.
