Kubota D905 Engine Oil - indycarz.com

The Kubota D905 is a diesel-powered industrial engine used in light machinery and construction equipment. Its small size makes it suitable for a number of applications, however its limited horsepower levels do not make it a practical motor for use in heavy machinery or motors which will be responsible for powering large payloads.

Kubota D905 Engine Specifications | It Still Runs

Now with that said, here is the screw-up. I have a Steiner 525 with a Kubota D905E diesel engine. All I wanted to do was change the oil. I layed down, felt up in a few holes in the belly pan and found a drain plug. I opened it drained the oil, changed the oil filter, put the plug back in, added 4 quarts of oil and checked the dip stick.
