Lab 24. Identification of Reaction Products: What Are the Products of the Chemical Reactions? Introduction . Chemical reactions are the result of a rearrangement of the molecular or ionic structure of a substance. It is important to remember that the . law of conservation of mass. states that mass is conserved in ordinary chemical changes.

Lab 24. Identification of Reaction Products: What Are the ...

Abstract. Rhodococcus (Corynebacterium) equi has long been recognized as an animal pathogen. Rarely seen as an opportunist, its significance in humans has been uncertain. However, when isolated from blood, respiratory, and autopsy cultures in a patient with acquired immunodeficiency syndrome (AIDS), as reported here, this aerobic gram-positive bacillus should be considered clinically significant.

Laboratory Identification of Rhodococcus equi From a ...
