Modern Organizations | SAGE Publications Ltd

The starting point for this chapter was to bring together the research fields of organizational theories, innovation and change and knowledge management. The focus was on innovation in the perspective of organisational studies and the process of knowledge sharing in organisations.

Management in Modern Organizations: Organizational ...

Adopting a postmodern mode of thinking implies radical consequences for rethinking organization studies. Instead of the traditional emphasis on organizations, organizational forms and organizational attributes, what is accentuated is the importance of examining local assemblages of 'organizings' which collectively make up social reality.

From Modern to Postmodern Organizational Analysis - Robert ...

Postmodern organizations are organizations that have broken with the traditional principles of organization as defined by modernist theory dominated by rationalism; they are also characterized by having developed new and original forms and practices in response to the changing environmental conditions of postmodern society. Such organizations can be identified both by the extent to which they are not epistemologically modern and by the extent to which they adopt and create new and different ...
