The racial empathy gap is also a problem of our criminal justice system. Consider research on the impact of race on jury decisions. A 2002 experiment showed the power of race, empathy, and...

Racial empathy gap: People don't perceive pain in other races.

Racism in this country is nowhere near as blatant or routine as it was 50 years ago. But that doesn't mean it's gone away. Instead, research suggests that many of us are still prone to more unconscious or "automatic" forms of racism—we can behave in racially-biased ways without even knowing it.
