The elements of art are sort of like atoms in that both serve as "building blocks" for creating something. You know that atoms combine and form other things. Sometimes they'll casually make a simple molecule, as when hydrogen and oxygen form water (H₂O). If hydrogen and oxygen take a more aggressive career path and bring carbon along as a co-worker, together they might form something more ...

But she told me a few weeks before she would not think of going to hear "that woman," Clara Smith, a great black artist, sing Negro folksongs.(2) And many an upper-class Negro church, even now, would not dream of employing a spiritual in its services. The drab melodies in white folks' hymnbooks are much to be preferred.
