The Culture Of Copying In

This book challenges the perception of Japan as a 'copying culture' through a series of detailed ethnographic and historical case studies. It addresses a question about why the West has had such a fascination for the adeptness with which the Japanese apparently assimilate all things foreign and at the same time such a fear of their skill at artificially remaking and automating the world around them.

The culture of copying in Japan : Critical and Historical ...

Seen through Chinese eyes, copying is not only sensible, but it is a symbol of respect for authority and, importantly, it is a way of passing the test. Indeed, the Confucian-esque existence of filial piety (the structural homage to parental or teacherly authority) compounds the issue.

The origins of China's copycat culture

The culture of the People's Republic of China is a rich and varied blend of traditional Chinese culture with communist and other international modern and post-modern influences. During the Cultural Revolution, an enormous number of cultural treasures of inestimable value were seriously damaged or destroyed and the practice of many arts and crafts was prohibited. Since the early 1980s, however, official repudiation of those policies has been complemented by vigorous efforts to renew China's remar
