### The Royal Flying Doctor Service

The Royal Flying Doctor Service works to reduce the disparity of health service access. We bring emergency medical and primary health services to those areas that don't have access. We make it possible for people to live, work and travel across this large continent.

### Royal Flying Doctor Service of Australia Homepage | Royal ...

The Royal Flying Doctor Service of Australia is an air medical service based in Australia. It is a non-profit organisation which provides emergency and primary health care services for those living in rural, remote and regional areas of Australia who cannot access a hospital or general practice due to the vast distances of the Outback. It is one of the largest and most comprehensive aeromedical organisations in the world.

Flying doctor service, method for supplying medical service by airplane to areas where doctors are few and communications difficult. The plan for the first service of this type was conceived in 1912 by the Rev. John Flynn, superintendent of the Australian Inland Mission of the Presbyterian Church. Flynn's plan came to fruition in May 1928, when the first base of what is now the Royal Flying Doctor Service of Australia began operating at Cloncurry, Queensland, under Dr. K. St. Vincent Welch.
